MEMORANDUM FOR: ADDI

SUBJECT : Special Study Group Activities
for FY 74

Attached, in response to your request, is a brief review of the activities which I feel the Special Study Group should be engaged in during FY 74. A number of them are already in process, or have been formally planned on a community-wide basis. If you need comments on relative priority among projects, etc., I will be happy to give you views on that aspect. The attached paragraphs, however, were not arranged with that in mind.
